SAATHI

NEVER WALK ALONE !!!

Team Name: The PACK

PROBLEM STATEMENT

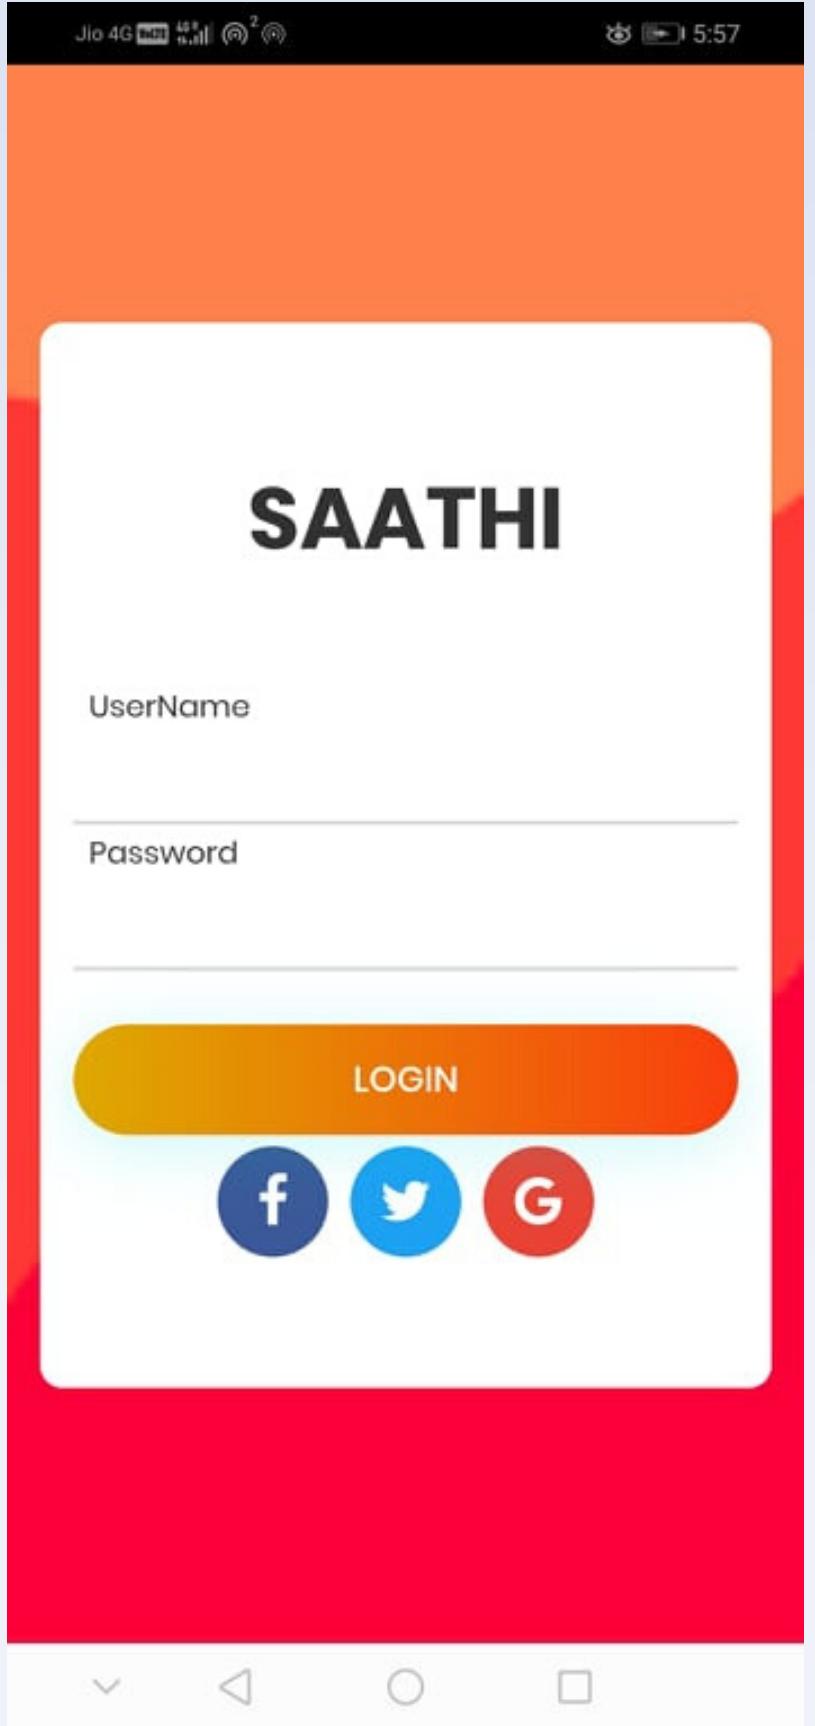

SOS for senior citizens & women - citizen security

Background: IOT Based device for senior Citizens which can automatically alert the relatives / concerned authorities in case of any emergency

CLOSE

SOLUTION!

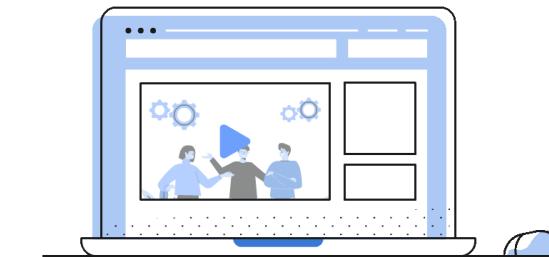

Present Solution(s)

1. Sending sms to helpline/Emergency saved Contacts.
2. Apps with more additional features requires internet.

Our App Solution

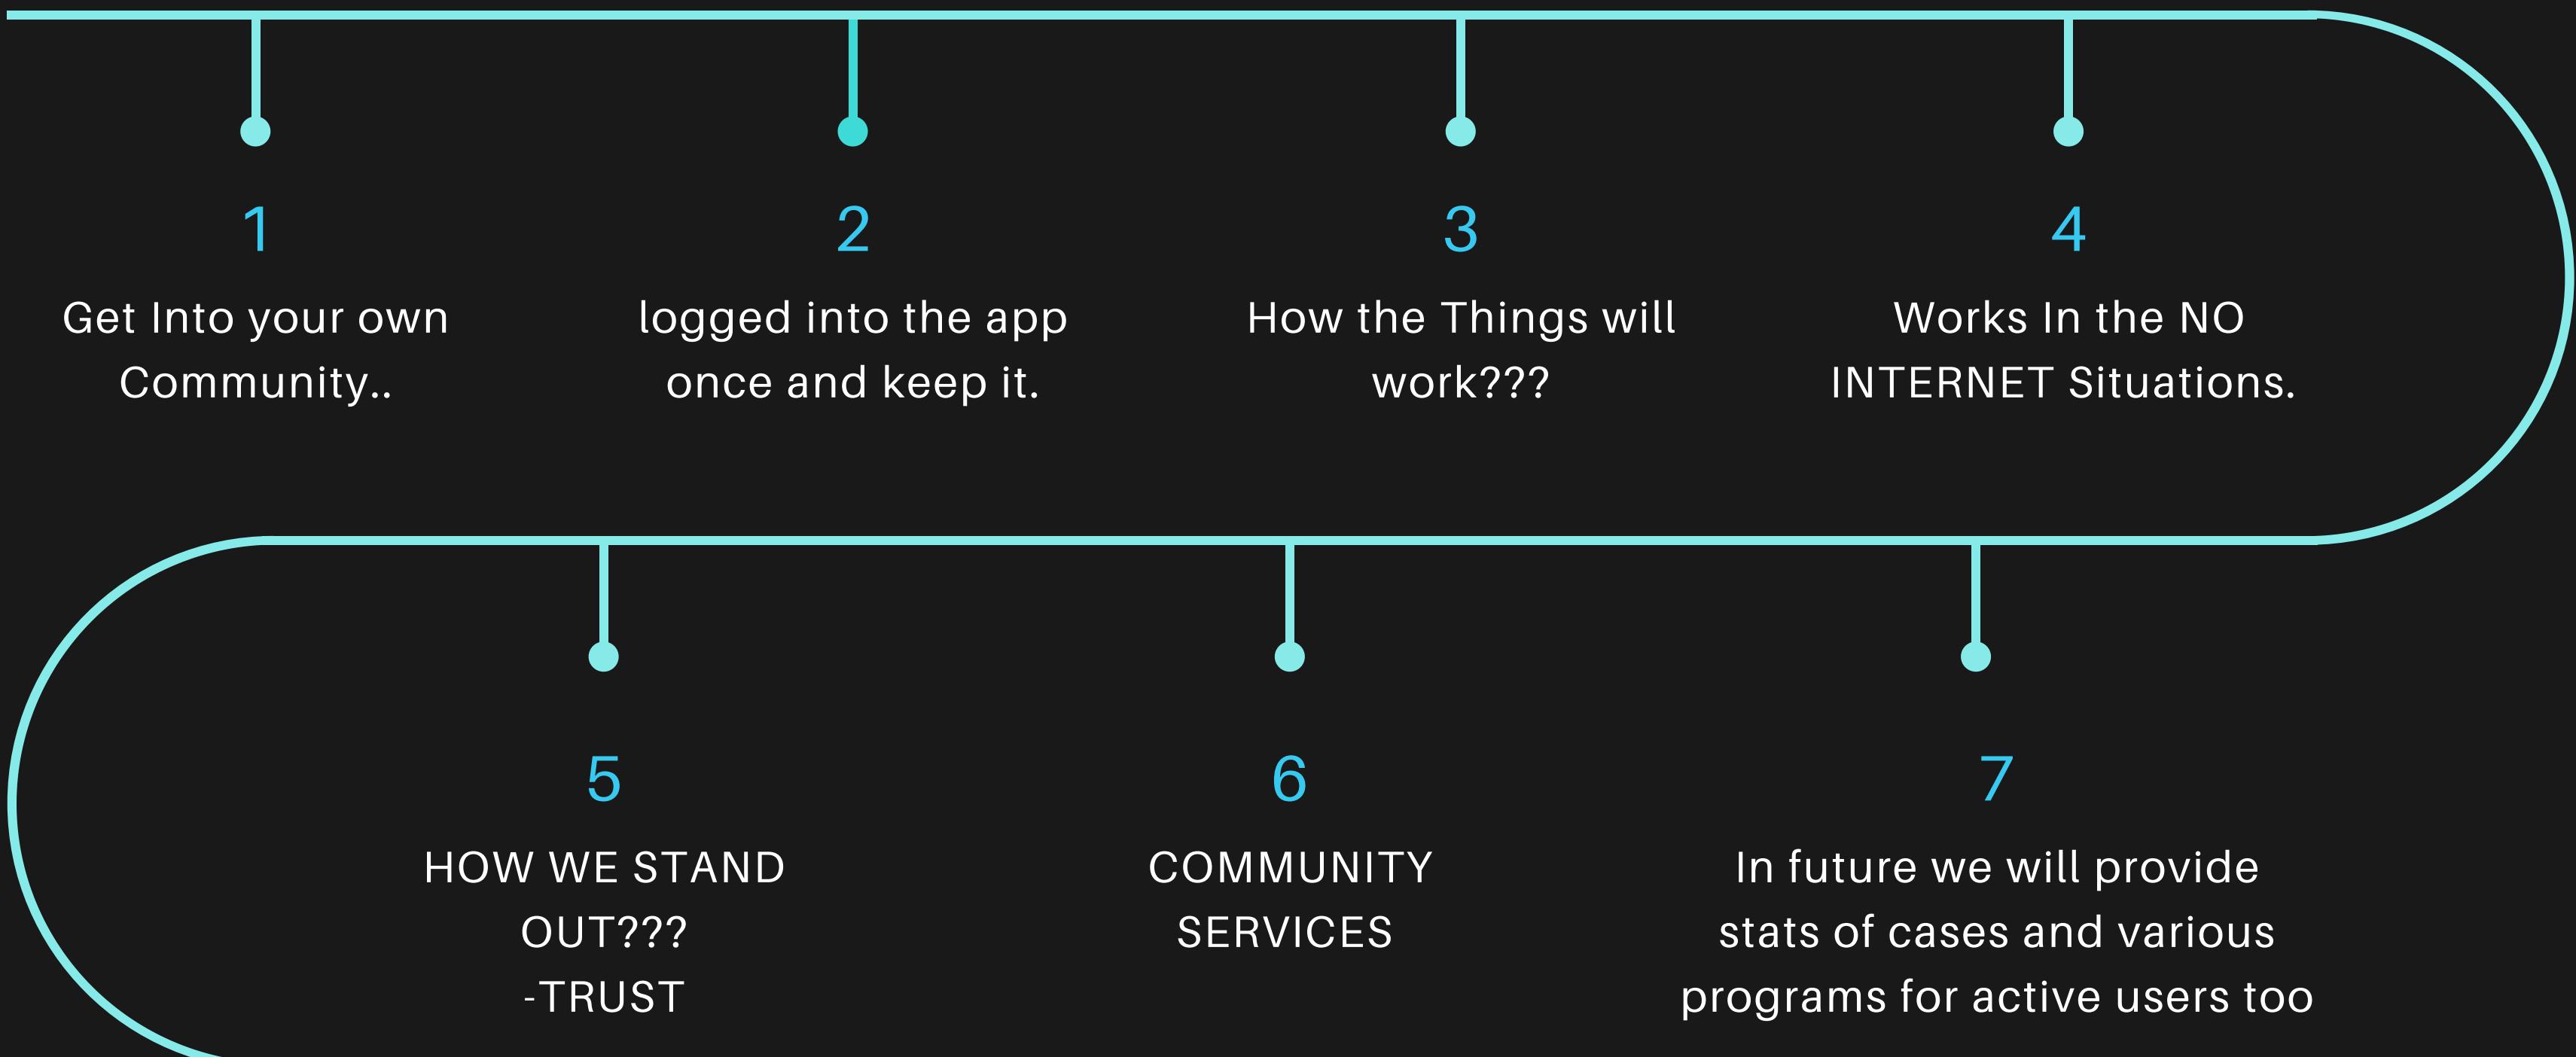

1. Sending sms to people who can react to the situation faster. That is to the ones who are near to the location and can arrive for help.

2. Adequate amount of data about the victim is sent without the use of internet to the near ones!!!
